

Ranil Jayawardena's

# Constituency Conservation Charter

I support the Constituency Conservation Charter for North East Hampshire and will work to get our councils to take the right decisions today.

**Buy up brownfield land**

**Reuse redundant employment land**

**Pool 'affordable housing' contributions**

**Build starter homes**

**Support a self-build revolution**

As a result, I do not support any major greenfield development in the next Local Plan and I will work to get our councils to commit to infrastructure improvements for the greenfield developments that they have already placed in their Local Plans to 2029 (The Borough of Basingstoke and Deane) and 2032 (Hart District).

**Ranil Jayawardena MP**
